

*A practical and useful tool for  
everyday work*

Schedule and perform web conferences from your personal computer. The service allows you to take notes, share experiences and record your meetings at the same time you interact with your partners.

## Who can use VC Espresso?

**VC Espresso** is available for all the users and research communities that are part of the NREN's connected to RedCLARA and have registered at **colaboratorio.redclara.net**. This service, as well as the others available in RedCLARA's Colaboratorio, can be integrated to the websites of the Latin American and European Networks.

## How to use VC Espresso?

- 1 Login in RedCLARA's Colaboratorio**, and click in the service button.
- 2 Complete the fields of the form.** Choose the date and the time of your meeting and invite your collaborators.
- 3 In the moment of your meeting, enter to the room you choose and activate your audio and video.**
- 4 In VC Espresso you have a personal virtual room for your meetings. You also have rooms available in the communities in which you are participating.**

*More collaboration,  
better communication*

To know more about VC Espresso check out the video of the service:
